

There are few legitimate reasons to request an absentee ballot to vote in an election. Serving in the military or working over seas, in another state or outside of the lower 48 states, being hospitalized or in a long term care facility, or maybe serving on the space station. There is no longer a pandemic excuse and the absentee ballot system used in the last election was filled with fraud as will be exposed this April in the documentary '2,000 Mules'. All cell phone exchanges and photos taken by paid carriers to distribute false ballots for Biden which swayed the 2020 election have been gathered from satellite records to expose the corruption. We should not and can not allow this to happen again in the United States of America. Thank you, Dennis Savage-Lisbon, CT
